## Daily Spotlight: The Ohio State University

In 2012, NIFA (National Intercollegiate Flying Association) decided to move their headquarters to The Ohio State University. OSU has held SAFECON (Safety in Flight Evaluation Conference) 11 times since 1960. In addition to this being the 5<sup>th</sup> consecutive year that SAFECON has been held at KOSU, the airport is also celebrating its 75<sup>th</sup> anniversary and Ohio State is celebrating 100 years of aviation!
